

**PUBLIC NOTICE FROM THE CITY OF LAMPASAS:
TO ALL LAMPASAS WATER CUSTOMERS:**

**VOLUNTARY WATER CONSERVATION
MEASURES**

**From MIDNIGHT on NOVEMBER 30th to
MIDNIGHT on DECEMBER 1st,** the City of Lampasas Water System will not be receiving water from our supplier, Kempner Water Supply Corporation (KWSC). This is due to work being performed by KWSC on the Water Transmission Line that services the City. Because of this work, the City's only water supply will be provided from the City's Storage Tank Facilities. **These facilities have limited supply capacity and we are requesting our customers to significantly curtail their commercial and domestic usage of the following during this period:**

- Use of Irrigation Systems or yard watering;
- Washing of commercial establishment driveways and parking areas;
- Filling of pools, hot tubs, and wading pools.
